## SPECIAL LAWN SEED MIXTURE

### ANALYSIS

30% Kentucky Blue Grass, 12% Chewings  
Fescue, 36% Red Top, 10% Perennial Ryegrass,  
10% Common Ryegrass, 2% White Clover.

(may also be had without Clover)

No doubt the most notable lawn seed mixture ever introduced especially for the landscape gardener.

It has found favor without exception wherever used. A formula which will produce a beautiful, smooth and permanent turf. Suitable for sunny and partly shaded areas.

Poa Trivialis (Rough Blue) .....	9.80	39.10	125.00

## MISCELLANEOUS

Timothy .....	.85	3.25	10.30
others quoted on request			

## IMPORTANT

Prices of lawn seed have increased as much as 100% because of the short crops of Kentucky Blue Grass, Red Top and other fine grasses.

We have absorbed as much of this increase as was possible. We have not cheapened any of our formulas by adding inferior ingredients.

You will continue to receive the same high quality seed as in the past.
